Perspective property owners, Sheena Oxindine and Bengi McIntosh, asked to attend this month's meeting to ask questions about our building regulations before purchasing a lot. Their questions were about the square footage required, the style of the houses, and whether they can build on pylons. Their questions were answered and they were going to discuss their plans with a builder.

Patty Stanley submitted a request for landscape lighting to be installed in front of her house. Request was approved.

Meeting adjourned: 7:45 PM
